THE ONE SURE WAY

to have money is to save it. The sure way to save it is by depositing it in a responsible bank. You will then be exempt from the annoyance of having it burn holes in your pockets, and aside from the fact that your money will be safe from theft, the habit of saving tends to the establishment of thrift, economy, discipline and a general understanding of business principles essential to your success.

To those wishing to establish relations with a safe, strong bank, we heartily extend our services.

FOOTBALL SEASON OPENS

In their game in Portland Saturday the Willamette team surprised everyone by holding the big Multnomah men down to one touchdown and a field goal, with the score 9 to 0 in favor of Multnomah. Coach Kirby's team did good playing in holding the club men in this manner as it was only with great difficulty that they succeeded in getting their small score. W. U. team is showing up much better this year than last and it looks as though they would come through their long schedule of games in good shape.

Salem Versus Hill

The Salem high school football team went down to very honorable defeat Saturday at the hands of Hill Military academy of Portland, who won the game by two safeties and a touchdown and kicked goal, making a score of 10 to 0.

The scoring was all done in the first half when Salem had two new men playing at the end positions and who, although good players, could not cope with the aggressively experienced H. M. A. men. In the second half Kay and Krebs, who had been kept out of the game on account of injuries and lack of signal practice went in anyway and the whole half was played in the visitor's territory.

The Salem team has been together scarcely a week and their lack of practice and insufficient knowledge of signals told throughout the game. H. M. A. had a very snappy and aggressive team and are a hard bunch for any team to go against. They have been well coached under Jack Latourette of U. of O. fame.

Several attempts at field goals and puns were blocked by the Salem team. Eyre at center played a good game and Krebs did fine work on the defensive. For his first game at quarterback Cliff Farmer did good playing, but showed up best at safety, where he had several chances and never missed a man. Capt. Richardson played a hard steady game all through.

All of Hill's men played good ball, the backs worked together perfectly under the fine quarterback work of Hughes.

Saturday's game was signed up as a practice game and these same two teams will probably play again before the season is over. The high school need not feel discouraged when it is remembered how H. M. A. last year beat Eugene high school 26 to 0.

The line-up:

H. M. A. S. H. S.
Prenn r.e.f. Benson, Kay
Graham r.l.l. Bellinger
Troy r.g.l. Hofer
Carruthers c.e.r. Eyre
Jameson l.g.r. Watson
Wurgweiler l.t.r. Hollingsworth
McGuire l.e.r. Minton, Krebs
Hughes q. Richardson
Meyer r.h.l. Hollingsworth
Hill l.h.r. Savage
Donason f. Latourette.
Officials—Bishop and Latourette.
Hales—Fifteen minutes each.

DeWitt's Little Early Risers, the famous little liver pills. Sold by all druggists.

The Public Endorsement of Our Mining Properties If You Have Not Read It Then Do So

The report of the committee appointed by the Salem Board of Trade is printed in your daily papers. It will post you on what the committee found at the mines. Now we have their endorsement we are in position to urge you to SIGN UP AT ONCE FOR ALL THE STOCK YOU CAN HANDLE. DO IT NOW. DON'T WAIT. We will try and call on you, but don't wait; come to our office and we will put you in a position to make some money. By this time with all the proofs we have furnished no one can question our mines being all we have claimed for them. Now, remember we are talking for the Gold Creek Mining & Milling Company's property. Our stock is selling at 10 cents. We have 17 claims in our group. We have a saw-mill, electric light plant, electric drill in our equipment and we have A MINING ENGINEER WITH US WITH A REPUTATION OF DOING THINGS IN CHARGE. We have spent \$20,000 more on our property than all the other mines on the creek combined. We have the ore opened up to show for it. There are three great ledges across our properties. We have 1300 feet of work done showing the ore. The smelter people ask us to supply ONE-HALF THE ORE REQUIRED FOR THEIR SMELTER. As much as all the others are required to furnish. Why? Because it was there. Our engineer told the smelter people that within 90 days from the time the road was completed he would furnish the full 100 tons per day they required, and he knew he could do it. Now don't it look as though our mines were the ones to invest in—we are boosting Marion county's resources, and want you to help us succeed.
